Social	Demi Mulder
AUG Manager	Nick Mytkowski
General	Bee Putri
Committee Members	Helen Hu

PRESIDENT'S REPORT

Katy Burrough

2016 has been a year of development for UNSW Baseball Softball Club. This year's committee has spent many a meeting brainstorming ways to mix things up at UNSW Baseball Softball Club with a focus on general recruitment, student involvement and diversifying options to enable the greatest opportunity for involvement. Whilst we have seen a decline in membership this year, particularly in softball again, I am optimistic about many of the outcomes from these meetings.

In baseball we saw a change in coaching and management staff and exciting new initiatives coming forward for recruitment and development of some great new potential. The club's development strategy this year saw renewed interest in developing players from younger age groups and pushing scholarships for particularly talented players (especially UNSW students). Whilst some of these changes didn't deliver outcomes for our teams this year, we hope to see them pay off in the growth and success of our squad in the years to come.

We are expanding our softball horizons with our very first slowpitch softball team competing on a weeknight locally at Moore Park. We hope this opportunity will enable beginners, students and other locals an avenue to get involved in the sport in a friendly and relaxed environment with greater flexibility than we have previously been able to offer. We will be working with Urban Rec to develop more options for softball in the local area in the next couple of months. This season has only just commenced but we look forward to the possibilities this new affiliation will bring going into 2017.

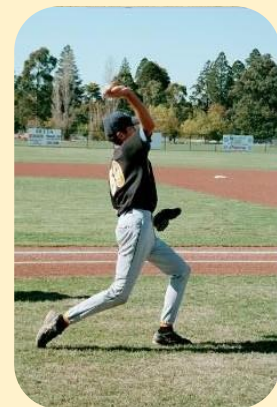

We have just released a survey on our website open to all our members past and present to encourage feedback on all aspects of the club to guide our 2017 committee with a bit of insight as to how to improve the experience for our members at UNSW Baseball Softball Club. If you have not done so already, I encourage everyone to complete this survey.

Unfortunately after four strong years, we weren't able to send a softball team to unigames this year. However with a very keen and sizeable baseball squad heading over to represent UNSW in Perth this year, the committee is very happy with this improvement on last time the Games were held in Perth (in which we had no teams - always tough to get students to fork out for the plane fare across the country) and are pleased to report our involvement in unigames continues as strongly as ever. I wish the boys the best of luck in Perth – on and off the field – and look forward to hearing a few stories on their return.

Our social calendar this year also struggled a bit with a few less volunteers in the committee. Although we had fewer events than usual, the pub crawl and barefoot bowls were both well attended and it was great to see a couple of new faces at the social events. A big thank you to all who attended, I had an absolute blast at both of these events and am looking forward to the first social event of 2017! As always, I strongly encourage you all to get involved in the committee. Not only will you get to play a significant part in shaping the club, but it's a very rewarding experience in which you will develop valuable skills and make plenty of friends.

I'd like to extend a huge thank you to our 2016 committee members including Helen and Bunga whose fresh insight was greatly appreciated; Matt who is always first to volunteer for the committee each year and keeps us on top of our funds along with all the work he does around the club; Stacey who year after year works tirelessly for the club doing absolutely everything from all things softball to sending countless emails and even putting together this year's social report; Demi who, despite not even playing for the club this year, has put in so much work to publicity & student involvement for the benefit of all our members; and Josh whom without we would not have even had baseball this season – Josh stepped up into the committee in January to take on the role of vice president and ended up fulfilling the position of baseball captain and coach. We wouldn't have a club without the ongoing support of this lot so again thank you all so much for all your efforts! On this note, a big congratulations to our very deserving award winners at Arc Sport's Blues Award Dinner – Chris Corey, Josh Daly and Harrison Garrett.

Finally, as I have finished up my eighth and final year as a student at UNSW and life keeps getting in the way, I will be stepping down from the UNSW Baseball Softball Club committee. I have really enjoyed my five years as a committee member and as president for the last three and hope that with a shiny new constitution and some exciting new prospects underway, the new 2017 committee will enjoy taking the reins and leading the club to new places for the future. Thank you to everyone involved in UNSW Baseball Softball Club for this time and I look forward to continuing to support the club in the years to come.

TREASURER'S REPORT Matt McGill

2016 has been a year of growth for the club financially. With no major purchases or unexpected expenses we have managed to save a little money this year, putting us in a better position to invest in the development of our players over the next year. Hopefully we can continue this growth both on and off the field in 2017. I hope you are all here next year to witness it.

PROFIT/LOSS STATEMENT October 2015 – September 2016

Revenue	Total

SOCIAL REPORT

Demi Mulder

All of our social events this year were a great success, Yep, all two of them! Those people who attended can tell you - and they should - that the Pub Crawl and Barefoot Bowls were massive ragers. We laughed, we drank, we had fun, and let me tell you, the guys and gals of the UNSW Baseball Softball Club sure know how to have fun (at least, the ones who always show up to the social events do). That's a hint to the rest of you to make an appearance because boy, are you missing out!

The first social event of 2016 was a Pub Crawl through Surry Hills (yeah, we thought we'd do something super original). The theme: Loud Shirts.

Our route started at the Gaslight Inn - a good a place as any to start a Pub Crawl. We then headed to the Dolphin Hotel, the second stop on our route, where we were disappointed to find that the Dolphin is no longer in business (we really did our homework, guys, I promise). This forced us to take initiative and make an unexpected change to our plans (we just headed to the third stop, basically - The White Horse, a fine establishment). After a beer or two, maybe even three, someone suggested something brilliant...

Now it is at this stage where the memories of what follows kind of blurs into one big hodgepodge (not necessarily from alcohol, come on), but Google tells me that the place we headed to next is called The Forresters. Personally, I'm very grateful to whoever made this suggestion because it is at this next pub where we decided to switch to something a little more North America (it's Tequila, the North American bit was a hint at Tequila). After The Forresters (try not slurring that one with a few drinks in you!) a brave few meandered to Button Bar - because Whiskey is a great way to end off a pub-crawl. Amiright?

Our second social event (also known as the end of year social – whoop, whoop!) was a bit tamer than the pub-crawl. We spend a pleasant Sunday afternoon playing Barefoot Bowls at the Randwick Bowling Club, which, by the way, doesn't sell any pub food, but instead offers lovely Asian cuisines. We played in teams and took up two lanes. Yeah, we were that many they had to give us two whole lanes – look out.

Of course, it doesn't matter who won. The main thing is that we all had a go and had fun. So if you're hoping to read about who beat whom, then you might as well stop because, like I said, it's doesn't matter and therefore I won't include it in this report, which means that it basically didn't happen and that we're all equal, okay?

I'd like to thank those who make an effort to support the Club by attending our social events. I know everyone has a busy schedule and therefore I'm really grateful to those who attend and sometimes travel a fair bit to do so. As mentioned, we all had a great time, and I'm sure none of us regret attending, so here's to 2017 and to many more fun, original ideas for social events. Hey, maybe we should do a pub-crawl next year?

BLUES AND SRA WINNERS

Stacey Hutchinson

At the 2016 Blues Dinner, UNSW Baseball and Softball club were honoured to have three of our members receive awards. Harrison Garrett was awarded a Blue whilst Chris Corey and Josh Daly received Sports Recognition awards.

Sports recognition awards are presented to members who have provided valuable service to the club's organisation and administration in a consistent manner over a long period of time. Given the criteria, Chris Corey and Josh Daly are worthy recipients.

President and Vice-Chancellor Professor Ian Jacobs presented Harrison his Blue, which is the highest sporting honour bestowed by UNSW. Blues awards are a tradition that began at Oxford and Cambridge universities in the UK, and which were first awarded at UNSW in 1955. Harrison represented UNSW at three unigames tours, acting as captain in 2014. Harrison was selected as a member of the Green and Gold unigames squad in 2014. Additionally, Harrison has been an outstanding member of our first grade baseball side.

Josh Daly has been a member for 10 years and has taken on multiple roles within the committee. Josh was instrumental in setting up and solidifying the fourth grade side as an essential part of UNSW's future development. Josh does a lot of work behind the scenes plus he is always one of the first to put up his hand and help out when necessary, on or off the field.

Chris Corey has been an integral part of UNSW Baseball for 14 years, including coaching for 10 years. His commitment to the club and his endless pursuit of improvement have not gone unnoticed.

1st GRADE BASEBALL REPORT

Joshua Daly

This year was definitely a big step up for me, taking on the first grade manager role. To each of the players in the squad this year, 1st Grade through to 4th Grade, thank you. We started the year with a fairly strong squad, which was definitely boosted with a handful of new players coming in through the season.

The 1st grade squad (who saw 23 players getting game time this season) welcomed many rookies to the club who instantly added some depth and experience to the team. Mitch Driver and Shaun Wright both started the year strongly on the hill, before restrictions and injury interfered after notching up our first win. With JT holding the battery down, Chris "Kidd" Corey and Zac McAlister put in many innings to help get us through the rest of the season.

Our youthful team put up some strong competition against our more experienced competitors, and often kept the game close through the first two thirds where a lack of depth throughout the squad came into play.

I'd like to thank Greg Phillips for coming over to the club this year. His assistance, guidance and knowledge was invaluable to me as both a player and coach and I look forward to his contributions in coming years. A shout out to JT who was a solid leader for our team who also put in time and work with a lot of the other players in the squad, from hitting to positional playing. Thank you to our scorers Bel Woods, Tracie Driver, Belinda Usov, Stacey Hutchinson and everyone else who assisted throughout the season, and as always, our committee who do a lot of unseen work to keep the club running.

See you in 2017

2nd GRADE BASEBALL REPORT

Greg Phillips

Firstly let me start by thanking everyone for welcoming me this season. The support I received from the other coaches, the committee and the players was greatly appreciated. In coming to the club I have been blessed with meeting some amazing people, as well as reuniting with some old friends. I enjoyed the season immensely, and hope I didn't ruffle too many feathers. UNSW has a long history with the SWBL and I'm sure that in moving forward we can lift our profile in the league. This however, will take a lot of work from everybody involved, and may take a few more years. I have no doubt that we are heading in the right direction and can achieve some great results in the future. Our main problem this year, throughout the entire club, was commitment. We have a large group of players who are dedicated, but we are let down by the few who aren't as active. I think this has crept into the club over a long period and we need to move away from this attitude immediately. Hopefully, with some recruitment in the summer season, and some ground rules next season, we can eradicate this cancer once and for all.

Now about the Second Grade side:

It's always hard with a 2nd grade side because it is so transient. It's hard to develop a core group of players when we lose them to 1st grade and have replacements coming up from 3rd grade. Unfortunately we were lacking numbers this season. Like the other grades, anyone who played in the side was welcomed and supported. Our results weren't great but we made it hard for a lot of teams to take the win off us. This in itself was a step in the right direction. Big thanks to the old heads in the side that had a calming effect on the players. We were competitive throughout most of our games only to run out of gas when we needed to clinch the win. This will improve as we move forward in the future, SEE ABOVE!

Choosing the awards in a side like this is also difficult. So many individual achievements happened throughout the season. Some of the lesser experienced players also stepped up their game and threw us a few pleasant surprises. All in all, not a bad effort from a great bunch of guys. Looking forward to next season.

Think about this for a moment. The club started the season off this year with a lacklustre day against a middle of the road club (Sydney Uni). After that day, we sat down, formed a plan, and went about putting some things in place. After 3 or 4 weeks of training and commitment, we were all of a sudden up against the most formidable club in the competition (Petes). Reflect back on what transpired that day. We held the lead in both 2nd and 3rd grades all game, and came up with a draw in both at the end. If that's the outcome with a little extra training and commitment, then the possibilities are endless with an entire club working together.

3rd GRADE BASEBALL REPORT

Luke Eisenhauer

Winter 2016 was certainly a challenging one, but one that saw a lot of growth and improvement especially in a very versatile Third Grade.

With a handful of names not returning from the previous season, the challenge was made even greater but certainly one worth tackling.

On the pitching front, young Tom Thurn was thrown into the deep end early and certainly didn't look out of place on the mound against some very powerful lineups. He recorded countless zero run frames keeping us in most games. Chris Furnari was another who showed great improvement and once he learned to control his pitching became very powerful with a near shutout against Cronulla the highlight. JD made an appearance early in the season getting a save before disappearing off to First Grade for most of the season. Other notable mentions to some older Rookies, Todd Eisenhauer & Rob Phillips and of course the wily veteran PK, who came on and battled away regardless of the condition of the game.

Defensively we were a pretty sound team. We made the plays when they were needed but when we made an error it cost us dearly. Whilst it wasn't error upon error that hurt us but more when we made an error the opposition would pounce and make it hurt dearly. We were in most games until one error or a play not made crept in and things would snowball from there. There were some awesome plays that were made and some flashes of defensive brilliance but in a 2 hour game guys need to be ready the whole time and know 2-3 pitches and even plays in advance what they need to be doing.

I guess the biggest deficiency in our game was offence and our inability to score runs and capitalise on opportunities when they present themselves. Too many times we left the bases loaded or with multiple runners in scoring position whilst other teams seemed to be knocking theirs in with ease. Whilst there was improvement towards the back end of the season it is certainly one area of our game that will help us get over the line should we be able to be better.

A big thank you to JD and the UNSW Committee for entrusting me with this team. I live by the mantra if you don't learn something new every day it's a day wasted, and coaching with this club you are certainly learning something new every day.

To our Head Coach Greg Phillips, it was a pleasure coaching under you this year. Whilst I wasn't able to take full advantage of all your knowledge and wisdom at training, you certainly instilled belief in the Club that they are up to the challenge to be better ball players than they think they are.

To all the players, thanks for making it enjoyable as always. Whilst we didn't get a whole lot of W's, we had a whole lot of fun along the way, and that's what we play it for. Looking forward to doing it all again next year.

4th GRADE BASEBALL REPORT

Dan Amodio

This was a fun season for us 4th graders. We were a mixed bag this year with veterans like Matt McGill and Stacey Hutchinson sitting next to some new kids on the block who were having their first experiences at Dave Phillips. The box scores aren't pretty but they also don't paint the full picture. The box scores don't reflect the steady and consistent defense by Scott Schoenberger at shortstop, they don't reflect the energetic outfield of Alex Pellerano, Timmy Jenkins and Dallas Roderick, they don't reflect the fire that fuels Arel Coutinho at the plate, and they don't reflect the improvement Zak Standing showed from Opening Day to our final game against Team Cuba. We'll remember those things as positive signs for our club's culture and great potential for growth shown by some of our players.

AUSTRALIAN UNIVERSITY GAMES - BASEBALL REPORT

Nick Mytkowski

Fielding a smaller side than the previous years due to location, Perth, there was an eager anticipation for how we would progress. With the result of the previous year being in mind (2nd last), the aim was to come equal if not better. Upon arriving it was evident that the task of bettering our previous years result would be extremely challenging as the field had been reduced from 16 to 9 teams with most of the weaker teams from last year not fielding a team. With a combination of first timers to the sport and some seasoned veterans it was always going to be a tough ask from the squad.

While we were only able to accomplish one win throughout the week over QUT (17 – 16) in one of the most enjoyable games I have personally been a part of, numerous basic fielding errors were what cost us in the end. Although the standard was a lot higher than previous years, we could have done a lot better.

Special mention to Lachlan Ross (Reek) who was nominated to the Green and Gold Team. He was always willing to help the new players with any technical advice he could, stepped up to play any position that he was required to and was one of the best hitters amongst all the unigames competitors, congratulations.

Some highlights throughout the week:

- Connor Pack (Pinky), for taking a competition high of 6 hits at bat, taking every hit like a champ.
- Justin Khaw (Jailbait), even though he lost his voice he didn't stop trying to encourage players and was dependable when catching.
- Myles Colley (Twerk), having his first attempt at pitching and causing all sorts of trouble for USYD with his gravity balls.
- Antony Peronace (Cotton Picker), stepping up and being one of the best 1st basemen throughout the week.
